MCG-2000 SERIES HI-TECH PHOTO-ETCHED DETAIL PARTS
Finally – Photo-Etched Details that are totally “user-friendly”. Made from nickel/silver alloy, our 2000 Series of photo-etched detail parts can be used ‘as-is’, polished, or even painted. These photo etch parts are easily separated from their frame because most of them are relief-etched at the part line. Artwork by Bob Korunow, Rik Hoving and Tim Kolankiewicz. All parts can fit both 1/24 and 1/25 scale model cars unless specifically noted otherwise.
